Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, January 28, in Room 401 of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of proposed changes in existing rules and regulations of the nutrient utilization plans.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 109 S.W. 9th, 4th Floor, Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Leslie Garner, Legal Section, at (785) 296-4623 or fax (785) 368-6668. Handicapped parking is located on the southeast corner of 9th and Kansas Ave., and the north entrance to the building is accessible to individuals with disabilities.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 4-20-11. Civil penalties. KDA proposes to amend the regulation governing the amount of civil penalties assessed for violations by swine implementing statutes and to change word usage. These are technical changes.

K.A.R. 4-20-15. Agronomic application rates. This regulation would amend the law to show that the NUP form no longer has a page denoted a "worksheet."

K.A.R. 4-21-1. "Nutrient utilization plan" defined; amendments to the plan: exceptions. This regulation would amend the law to use terminology consistent with vernacular recognized in pig farming and clarify existing law. The regulation also adds a requirement that the NUP be maintained at the office of the swine facility and proposes to add to the list of times when prior approval of a plan amendment is mandated by the secretary.

K.A.R. 4-21-3. Soil samples. This amendment would clarify the law and specifically provide for grid sampling. The proposal also requires sampling within 60 days of an emergency dewatering or other emergency applications of swine waste.

K.A.R. 4-21-4. Soil tests. This proposal corrects the analysis method required for calcareous soils and clarifies the law. The proposal also provides for alternative methods of analysis so long as they are generally recognized sound agronomic interpretations and laboratory methods.

K.A.R. 4-21-5. Agreements to apply waste. This proposal simply conforms to the style required by the Department of Administration.

K.A.R. 4-21-6. Recordkeeping. This proposal updates the recordkeeping responsibilities of a swine facility.

K.A.R. 4-21-7. Exceeding phosphorus-holding capacity. This regulation proposes to emphasize the phosphorus-holding capacity requirements by placing them in their own regulation. These requirements were removed from old K.A.R. 4-21-1.

Copies of the regulations and their economic and environmental impact statements may be obtained on the Department of Agriculture's Web site at http/www.accesskansas.org/kda/ or from the Department of Agriculture at the address and phone number given above.

State of Kansas

Social and Rehabilitation Services Department on Aging

Notice of Final Kansas Intergovernmental Transfer Program Methodology for Calculating Final Rates, and Rate **Justifications**; Response to Written Comments; and Notice of Intent to Amend the Medicaid State Plan

Under the Medicaid program, 42 U.S.C. 1396 et seq., the State of Kansas pays nursing facilities, nursing facilities for mental health, and hospital-based long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The Secretary of Aging administers the Medicaid nursing facility services payment program on behalf of the Secretary of Social and Rehabilitation Services. As required by 42 U.S.C. 1396a(a)(13), as amended by Section 4711 of the Balanced Budget Act of 1997, P.L. No. 105-33, 101 Stat. 251, 507-08 (August 5, 1997), the Secretary of Social and Rehabilitation Services (SRS) and the Secretary of Aging (KDOA) are publishing the final Kansas Intergovernmental Transfer Program methodology underlying the establishment of the final rates, and the justifications for those final rates. SRS and KDOA also are providing notice of the state's intent to submit the proposed amendment to the Medicaid State Plan to the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) on or before December 31, 2002.

The state published its Notice of Proposed Kansas Intergovernmental Transfer Program Methodology for Calculating Proposed Rates, and Rate Justifications; Notice of Intent to Amend the Medicaid State Plan and Request for Comments in the August 29, 2002 Kansas Register. Clarifications have been made in this final notice; however, no substantive revisions have been made to the methodology. The final methodology used to calculate the Kansas Intergovernmental Transfer Program rates is described below.

Kansas Intergovernmental Transfer Program.

Provisions for Governmental Facilities — Nonstate Government Owned or Operated Nursing **Facility Proportionate Share Pool:**

A proportionate share pool is created to increase reimbursement to Medicaid-certified, nonstate government owned or operated nursing facilities. "Nonstate government owned or operated" means all government facilities that are neither owned nor operated by the state, as defined in 42 CFR 447.272 (a)(2). The pool is created subject to availability of funds and subject to the payment limits of 42 CFR 447.272 (aggregate Medicaid payments . . . may not exceed a reasonable estimate of the amount that would be paid for the services furnished by the group of facilities under Medicare payment principles).

The proportionate share pool is calculated by comparison of the Kansas Medicaid rates in all Medicaid-certified, nonstate government owned or operated nursing facilities to the equivalent Medicare rates, whether or not each nonstate government owned or operated facility is Medicare certified. The equivalent Medicare rate is adjusted by the wage index published in the Federal Register. When the case mix index utilized for computing the Medicaid rate does not have an equivalent Medicare classification, the Medicaid case mix index (see Attachment 4.19D, Part I, Subpart C, Exhibit C-2, Page 8 Case Mix Index Table) will be adjusted down to the next closest Medicare RUGs classification. The methodology shall make appropriate adjustments to equate Medicaid to Medicare payment methodologies. The differences between the facility-specific Medicare rates and Medicaid rates for all nonstate government owned or operated nursing facilities are summed to determine the amount of the pool.

The department shall submit to CMS quarterly reports that demonstrate the calculation of the proportionate share pool, and that calculations are not expected to result in payments in excess of the amount that could reasonably be paid under Medicare payment principles.

The pool is calculated for each reporting period and distributed on or about 45 days after the end of the period. For example, a distribution would be made on or around May 15 for the quarter ending March 31. However, distributions are subject to subsequent adjustment to reflect corrections in data used to determine distributions. Distributions from the pool shall be made to non-state government owned and operated facilities whose governmental unit enters into a participation agreement with the Secretary of Aging and the Secretary of Social and Rehabilitation Services. The amount each participating nursing facility receives from the pool shall be based on its proportionate share of aggregate Medicaid resident days of participating facilities.

The foregoing provisions govern proportionate share pool payments for services provided beginning October 1, 2002, with the pool calculation beginning for the quarter ending December 31, 2002. Proportionate share pool payments for services provided on or before September 30, 2002, included in the pool calculation for quarter ending on or before September 30, 2002, shall be in accordance with the approved State Plan amendment TN#MS 00-01.

II. Final Medicaid Rates for Kansas Nursing Facilities.

The Kansas Intergovernmental Transfer Program will increase reimbursement to participating nonstate government owned and operated nursing facilities in an amount

that is equivalent to approximately \$38.42 per resident day.

III. Justifications for the Final Rates.

- 1. Federal Medicaid regulation 42 C.F.R. 447.272 imposes aggregate upper payment limits that states may pay for Medicaid nursing facility services. The state's analysis indicates that the final Intergovernmental Transfer Program methodology would comply with federal regulation.
- 2. Estimated impact of the rate change due to the implementation of the Intergovernmental Transfer Program for nonstate government owned or operated nursing facilities is an aggregate increase of \$9.4 million per year for participating nonstate government owned and operated nursing facilities.
- 3. The state estimates that the final rates will continue to make quality care and services available under the Medicaid State Plan at least to the extent that care and services are available to the general population. The state's studies indicate:
- a. Service providers operating a total of 303 nursing facilities (representing 97 percent of all the licensed nursing facilities in Kansas) participate in the Medicaid program, while an additional 43 hospital-based long-term care units also are certified to participate in the Medicaid program;
- b. there is at least one Medicaid-certified nursing facility, nursing facility for mental health or Medicaid-certified hospital-based long-term care unit in each of the 105 counties in Kansas;
- c. the statewide average occupancy rate for nursing facilities participating in Medicaid is 86.6 percent; and
- d. the statewide average Medicaid occupancy rate for participating facilities is 55.5 percent.
- 4. The additional payments will strengthen the financial basis of the Medicaid nursing facility program, thus supporting the availability of services to the Medicaid population.

IV. The State's Response to Written Comments on the Published Proposal.

The state received no written comments in response to the Notice of Proposed Kansas Intergovernmental Transfer Program Methodology for Calculating Proposed Rates, and Rate Justifications; Notice of Intent to Amend the Medicaid State Plan and Request for Comments published in the August 29, 2002 Kansas Register. Clarifications have been made in this final notice; however, no substantive revisions have been made to the methodology.

V. Notice of Intent to Amend the Medicaid State Plan.

The state intends to submit the proposed Medicaid State Plan amendments to CMS on or before December 31, 2002.

An exemption shall not be allowed for water, cleaning supplies, toilet supplies, sanitary supplies, and other consumables and supplies used to furnish and maintain a building or business premises so that the business premises or building is fit for public occupancy as a place where sports, games, or recreational activities are conducted.
- (2) An exemption shall be allowed for electricity or fuel that powers a machine that provides amusement or recreation and that directly interacts with the person who pays for the time-limited, interactive service that is being provided by the machine. This exemption shall include the following:
- (A) Automatic pinsetters, ball returns, telescore screens, and scorers' tables in bowling alleys;
- (B) Ferris wheels, merry-go-rounds, and other carnival rides;
- (C) baseball pitching machines, if rental fees are charged;
 - (D) pinball machines; and
 - (E) movie projection devices in movie theatres.

The exemption for electricity consumed by machines that provide time-limited, interactive services shall be determined in accordance with K.A.R. 92-19-20. (Authorized by K.S.A. 2001 Supp. 79-3618; implementing K.S.A. 2001 Supp. 79-3602, K.S.A. 2001 Supp. 79-3603, as amended by L. 2002, ch. 185, sec. 6, and K.S.A. 2001 Supp. 79-3606; effective Dec. 13, 2002.)

- **92-19-23.** (Authorized by K.S.A. 79-3618; implementing K.S.A. 1986 Supp. 79-3602, 79-3603 as amended by L. 1987, Ch. 182, Sec. 108; effective, E-70-33, July 1, 1970; effective, E-71-8, Jan. 1, 1971; effective Jan. 1, 1972; amended May 1, 1988; revoked Dec. 13, 2002.)
- **92-19-23a.** Coin-operated devices, including vending machines. (a) Except for laundry services, retailers shall collect state and local sales tax on the taxable sales of property, amusement, and services made through coin-operated devices.
- (b)(1) For purposes of this regulation, "coin-operated device" shall be deemed to include vending machines and other devices that operate when activated by coins, paper money, credit cards, tokens, or similar payment or representation of monetary payment.
- (2) Coin-operated devices shall include machines that dispense food, candy, drinks, or items of tangible personal property, including photocopies; that provide amusement and diversion; or that provide taxable services. Coin-operated devices that provide amusement and diversion shall include jukeboxes, pinball machines, pool

tables, foosball tables, dart games, video games, and similar devices.

- (3) State and local sales taxes shall be collected on coinoperated devices used for playing games of chance, except for devices that are being lawfully operated for gambling under the Kansas lottery act, Kansas parimutuel racing act, or federal Indian gaming laws. Sales tax shall be collected on the gross receipts from these devices, and no deductions shall be allowed for any money, credits, or property awarded as prizes.
- (c) Each business's receipts taken from a coin-operated machine shall represent a tax-included amount. To calculate the gross receipts from a tax-included amount, the total amount of receipts taken from the device shall be divided by one plus the sum of the state and local sales tax rates, stated as a decimal. The result of this calculation shall be the gross receipts that are reported on tax returns as the gross receipts from the coin-operated device that are subject to state and local sales tax. A business that operates coin-operated devices shall not deduct commissions or any other payment made to businesses upon whose premises the devices are located.
- (d) Any business that operates vending machines or other coin-operated devices at different locations may secure a single registration certificate and file a single consolidated return for all of these devices. Local sales tax shall be due based on the location of each device. Each business that requests to file a consolidated return in this manner shall submit a list with its written request that shows the location of each device, its serial number, and the type of property or service being sold or provided by the device. The business shall maintain a current list of device locations at its place of business, which shall be available to the department for inspection during normal business hours.
- (e) Registered retailers, including taverns and bars, that operate coin-operated devices on their premises and account for the total receipts from the devices may report these receipts on their regular returns as tax-included receipts rather than securing a separate registration certificate.
- (f) Receipts from car and truck washes shall be subject to tax, regardless of whether the washing and waxing services are performed by employees or by manual or automatic machines and whether the machines are coinoperated.
- (g) Receipts from coin-operated laundry machines, including clothes washers and dryers, shall be exempt from sales tax. (Authorized by K.S.A. 2001 Supp. 79-3618; implementing K.S.A. 2001 Supp. 79-3603, as amended by L. 2002, ch. 185, sec. 6; effective Dec. 13, 2002.)
- **92-19-50.** (Authorized by K.S.A. 79-3618; implementing K.S.A. 1986 Supp. 79-3602; effective May 1, 1988; revoked Dec. 13, 2002.)
- **92-19-57.** Sales tax on motor fuels, special fuels, liquefied petroleum, and other fuels. (a) Each sale of motor fuel, special fuel, liquefied petroleum, and any other similar fuel that is subject to a Kansas fuel excise tax shall be exempt from sales tax if a Kansas fuel excise tax has been imposed and the fuel excise tax is not refundable. However, each sale of these fuels shall be sub-

ject to sales tax if no Kansas fuel excise tax has been imposed, unless the sale is specifically exempt under the sales tax act.

- (b) Except as provided in subsection (a), each sale of motor fuel, special fuel, liquefied petroleum, and any other similar fuel for use in cooling, refrigerating, or heating for nonresidential or nonagricultural purposes shall be subject to sales tax. Fuel used to power refrigeration units on trucks and trailers, other than fuel used in such units by interstate common carriers, shall be subject to sales tax.
- (c) Except as provided in subsection (a), each sale of motor fuel, special fuel, liquefied petroleum, and any other similar fuel for use in aircraft, other than purchases

of these fuels by passenger airlines and other interstate common carriers, shall be subject to sales tax. (Authorized by K.S.A. 2001 Supp. 79-3618; implementing K.S.A. 2001 Supp. 79-3602, 79-3606; effective May 1, 1988; amended Dec. 13, 2002.)

92-19-81. Abatement of final tax liabilities. The requirements and procedures for abatement of final sales and compensating tax liabilities shall be those requirements and procedures specified in K.A.R. 92-12-66. (Authorized by and implementing K.S.A. 2001 Supp. 79-3618; effective Dec. 13, 2002.)
